## **POKERTEK ANNOUNCES ANOTHER 100% POKERPRO ROOM AT FANTASY SPRINGS RESORT CASINO**

**Matthews, NC – December 11<sup>th</sup>, 2007:** PokerTek, Inc. (NASDAQ: PTEK), the industry pioneer and worldwide leader in automated poker tables and related software, is pleased to announce the installation of five PokerPro tables at Fantasy Springs Resort Casino in Palm Springs, CA. This is the ninth 100% PokerPro poker room PokerTek has completed this year.

“PokerPro is a great addition to our casino,” said Lou Crescenzo, VP of Operations for Fantasy Springs. “Removing our manual tables to put in PokerPro was an easy decision for us considering the system’s capabilities and benefits to us and our players. The response so far has been great, and we’re just getting started.”

“Fantasy Springs is an ideal venue for PokerPro, and they’ve been a good partner in all respects,” said Chris Halligan, PokerTek CEO. “We seek properties that understand the player benefits and fundamental economics of automated poker, and Fantasy Springs fits that description.”

Owned by the Cabazon Band of Mission Indians, Fantasy Springs is the fourth California property to install PokerPro tables, and the first 100% PokerPro property in Southern California. Along with poker, this resort casino offers nearly 2000 slot machines and 40 table games, 250 luxury hotel rooms, fabulous dining, world-class entertainment, and an 18 hole, par 72 golf course.
